

# Fund-raising Campaign 2018

All Saint Home by NJC students

## About Us

Established in 2008, SingYouth Hub is a non-profit organization (NPO) registered under the registry of charities (UEN:T11SS0032A) with a charity status dated 12 September 2012. A charity that champions the cause of youth development and social engagement, SingYouth Hub has been reaching out to youth and supporting other charities since 2010.

Every dollar donated will be used to teach our youths to be civic-minded citizens. Through our flagship Social Entrepreneurship programme, they will be able to acquire the knowledge required to run a social enterprise and will be tasked to adopt a charity of their choice. From the Social Enterprise Challenge organised by SingYouth Hub in 2017, some teams that took part in this competition include:

- NTU & NUS students who adopted Singapore Environmental Council (SEC) and;
- SP students who adopted Friends of The Disabled Society (FDS)

Our most recent project was in 2018 over Chinese New Year. Students from National Junior College made craft artifacts in support of All Saints Home. This is an extended initiative by Craftpreneurs of SG last year.

Through the skill sets we teach, our youths will be equipped and well-trained to be the leaders of tomorrow, contributing their time and heart back to the community.
